Mec-Flex Series Glove

MEC-FLEX OILER PRO C5

The Mec-Flex® Oiler Pro offers the next level of protection in the Oiler Series incorporating Hyde-Tex C5 which gives you the highest levels of Cut, Tear & Puncture resistance.

- K-Guard® TPR (Thermal Plastic Rubber) back of hand exoskeleton is designed to absorb and dissipate impacts to the back of hand, knuckles and fingers.
- Hyde-Tex® GRIP Palm – Hyde-Tex® Synthetic leather with specially formulated non-slip silicon grip pattern.
- Dynamax® Cut level 5 protection on the palm, fingers and thumb.
- High visibility Orange two-way form fitting stretch spandex on the back of the hand increasing ventilation fit and comfort.
- 60mm Neoprene cuff for added wrist and forearm protection.
- ID Tag for wearer name.
- Ergonomically designed form-fitting 3 dimension patterns.
- Kevlar® stitched palm for added durability.

Mechanical Hazards - Performance Levels

Test	Level 1	Level 2	Level 3	Level 4	Level 5
A: Abrasion resistance	100	500	2000	8000	-
B: Blade cut resistance	1,2	2,5	5,0	10,0	20,0
C: Tear resistance	10	25	50	75	-
D: Puncture resistance	20	60	100	150	-

Information regarding protection refers to the working surface, i.e the palm of the glove which has been submitted for testing. The overall classification for gloves with two or more non-interconnected layers does not necessarily reflect the performance of the outermost layer. The protection levels indicated are only valid for new gloves.
