Mechanical Hazards - Performance Levels

Test	Level 1	Level 2	Level 3	Level 4	Level 5
A: Abrasion resistance	100	500	2000	8000	-
B: Blade cut resistance	1,2	2,5	5,0	10,0	20,0
C: Tear resistance	10	25	50	75	-
D: Puncture resistance	20	60	100	150	-

Information regarding protection refers to the working surface, i.e the palm of the glove which has been submitted for testing. The overall classification for gloves with two or more non-interconnected layers does not necessarily reflect the performance of the outermost layer. The protection levels indicated are only valid for new gloves.
