

Big Red® Leather Cable Covers

The Big Red® Leather Cable Covers are made using the famous Big Red® Leather, which is chrome tanned to assure softness and durability while resisting heat, sparks slag and cuts. Big Red leather continues to set the standard for high quality, heavy duty, long lasting products in the industry.

Protect and extend the life of your welding torch cables from damaging spatter and dross. Each cable cover closes with Hook and Loop and can be easily joined together with a cable tie. Available in two lengths.

BIG RED®
